### Objective

Participants race a remote-controlled car around a marked track (or drag strip) against the clock; the fastest valid run wins.

### Vehicle Specifications

- Maximum vehicle dimensions: 40 cm x 25 cm x 20 cm (L x W x H).
- Only radio-controlled (RF) cars are permitted; wired control is not allowed.
- Vehicle must be battery powered; nitro/fuel-powered vehicles are not permitted indoors.
- Modifications for safety (e.g., roll bars) are allowed and encouraged.

### Track & Gameplay

- The track layout (loop, figure-eight, or drag strip) will be announced on the event day.
- Each participant gets a practice lap (time permitting) followed by a timed competitive run.
- Going off-track requires the participant to manually reposition the car, with a time penalty.
- Collisions caused deliberately to obstruct another participant's run will lead to disqualification.

### General Conduct

- Participants must carry a valid college ID card at all times during the event.
- Any form of misconduct, use of abusive language, or unsporting behaviour will lead to immediate disqualification.
- Decisions of the judges and organizing committee are final and binding.
- The organizers are not responsible for any damage, loss, or injury during the event; participants take part at their own risk.
- Participants must report to the venue at least 30 minutes before their scheduled slot.

### Safety Guidelines

- Sharp tools, open flames, lasers, and hazardous chemicals are strictly prohibited unless pre-approved by the organizers.
- All electrical connections must be properly insulated; loose wiring may lead to disqualification on safety grounds.
- Batteries must be handled with care; short-circuits or overheating incidents must be reported immediately.
- Safety gear (gloves/goggles, where applicable) is recommended and may be mandatory for certain sub-tasks.

### Disqualification Criteria

- Missing the reporting or check-in deadline for your slot.
- Using a robot/device or submission that does not meet the size, weight, or component specifications above.
- Remote interference with another team's device or run.
- Plagiarism or use of an undisclosed pre-built solution where original work was required.
- Any attempt to bribe, threaten, or unduly influence judges or coordinators.
